SHPE Membership Renewal

SHPE familia, don't forget that the SHPE year 2013/2014 has now come to an end and it is time to once again renew annual membership. Membership and dues are extremely important as it allows the chapter to host more activities, sponsor more individuals for conferences, and raise fund for our charity scholarships.

SHPE Jr. Program 101

The SHPE Junior program is an afterschool club that is a part of a national organization with a vision/mission of spreading awareness about Science, Technology, Engineering, and Mathematics (STEM), preparing high schools students for an undergraduate degree, promoting the pursuit of a college education.

This is achieved through leadership and professional development, academic excellence, mentoring, networking, scholarship, and summer program/internship opportunities. The SHPE Jr. clubs usually meet bi-weekly for 1.5 hours after school throughout the academic year. During the meetings, the SHPE Jr. members have the opportunity to meet with community mentors from Lockheed Martin and partnered Universities who volunteer their time to come speak about college prep, professional development, life in the defense industry, and teach them how to solve real-world problems.

If you are interested in volunteering and/or know of a local school that is interested in forming a SHPE Jr. chapter in conjunction with Lockheed Martin, please contact [Lorena Loucel](#).

Upcoming Event - NSHMBBA Baseball Day

The National Society of Hispanic MBA's is hosting a fundraising activity in the area and the chapter would like to strongly support the event. It should be a great way to contribute to our community and enjoy a game at the same time. Click [HERE](#) to purchase tickets.
